FROM OUR PRINCIPAL

As we look back on the year, we can say it has been a very successful year academically and in sports and cultural activities. This doesn't happen by chance - but happens when a community works together and supports each other and the valuable contribution of the education they receive at Ōtāhuhu College . We are always grateful for the support of our families and old students which makes Ōtāhuhu College such a special place.

Today we celebrated our junior students' success with a prize giving and yesterday we held the effort and progress awards. Congratulations to all our prize winners. Not all students can be prize winners but we also congratulate those students who worked hard and made great progress over the year.

Deputy Principal (Junior School)

Year 10 French students enjoyed their last session of the year with an intense “conjugation competition” and a not-so-intense French pastry! They are looking forward to the opportunity to become the first group to continue with the subject into Year 11 next year.
