PERFORMANCE MANAGEMENT POLICY

Rationale

The Government, through Boards of Trustees, requires assurance, on behalf of taxpayers, that teachers are being supported by sound management systems and practices and in turn are providing high-quality learning opportunities for students. The State Sector Act 1988 and The Education Act 1989 provide the framework for performance management in schools.

Otahuhu College recognises the need to evaluate regularly the quality of care, teaching and learning at all levels relative to agreed standards of teaching performance and the school's goals and objectives as expressed in the charter.

To achieve this, a system of staff performance management is carried out with the aim of improving the quality of care, teaching and learning outcomes achieved by the school and its staff providing support

and development opportunities that will enable them to achieve agreed personal and professional goals.
