From Our Principal

The second term has started well, even with the onset of this colder weather reminding us that winter is just around the corner. As a community we have a lot of work to do to make sure we continue to do better and have more and more of our students graduating with university entrance.

Family life can be very busy with a lot of commitments, so establishing routines together can make sure that your child is best prepared for success.

- *Study every day, from the start of each year. This can be as simple as reviewing what was learnt during the day and coming up with good questions to ask the next day.*
- *Start studying with your difficult subjects first, then move onto your more enjoyable subjects.*
- *Study in 20-30 minute blocks having a break between each one.*
- *Phones and other devices should be charged in a common area, so they are not used to distract from study or late at night.*
- *Get a good night's sleep, teenagers generally need 8–10 hours sleep a night.*

Getting into routines at home for study will help your child succeed

Our Commitments

Anzac Day is an important commemoration of all those who have served and sacrificed for our country. On Wednesday next week we will be having our traditional assembly to remember those who made the ultimate sacrifice.

Attendance

Did you know that chronically absent students, by the time they are 25 years old, earn an average of \$40,000 less per year than their peers who regularly attended school? Missing school doesn't just affect students' academic progress—it impacts their long-term career opportunities and financial stability.

At Otago College, we take absenteeism seriously and intervene early to prevent long-term consequences. Students who miss 10-15 days in a term are referred to Attendance Services, while those with 15 or more days absent are reported to Oranga Tamariki. These measures ensure that students and their families get the support they need to prioritize attendance. Let's work together to secure brighter futures for our students.

Our Commitments

Our commitment is to be respectful. A key part of being respectful is using appropriate language. Learning what words, and indeed the volume, you use in different circumstances is one of the challenges of growing up into young men and women. Teenagers find this hard to do, so talking to them and explaining how different situations require the use of different words and mannerisms is a great step on developing articulate respectful young men and women.

Parent-Teacher Meetings

On Thursday 30th April school will finish at 1.00pm.

Parents/caregivers are invited to come into school to discuss your child's progress with each of their subject teachers.

Meeting times available are:

✓ 2.00pm to 7.00pm

Note: All teachers are unavailable between 5:00pm and 5:30pm

Each meeting is scheduled to last for 5 minutes and will take place in A-Block and the Library. These are approximate times and assist teachers with preparation.

Academic Navigator Support – Parent Teacher Meetings

This is an ideal opportunity for students and whānau to get a clear idea of academic progress and next steps, towards achieving NCEA. I work with Year 11 – Year 13 students and parents in my role as Academic Navigator, to help make sense of NCEA pathways and build practical plans for success.

My focus is on giving students clarity, direction, and strategies to stay on track and achieve their qualifications. Parents and caregivers are welcome to book a session with me to discuss their child’s overall academic progress and pathway towards achieving NCEA, in more detail. These conversations are helpful for gaining a clearer understanding of where a student is currently at, what their goals are, and what

practical steps will support them to move forward with confidence.

If you would like to book a time, please include me in your Parent Teacher Meeting bookings, and I look forward to working with you to support your young person’s academic journey.

Sports Fees

Dear Parents/Caregivers,

This year, we have introduced a \$20 sports fee for all students participating in school sports. In previous years, we were fortunate to receive funding that helped cover many of the costs associated with sport, including transport, uniforms, entry fees, laundry, and new equipment. Unfortunately, this funding is no longer available, and we now need to introduce this fee to help meet these expenses.

The \$20 fee is a one-time payment for the year and allows students to participate in as many sports as they wish. This contribution will support all aspects of our sports programme and help ensure we can continue to offer a wide range of opportunities for our students.

We appreciate your understanding and ongoing support as we work to maintain a strong and accessible sports programme.

Payments can be made at the Student Centre or online.

Thank you for your support.
